You have the possibility to download the corresponding report as a PDF file under Actions, or all reports that have not yet been downloaded as a zip file using the button “Download archive (only unread reports)”. Please note that the download settings of your browser are used (automatically save the file in a download folder or ask where the file should be saved). The reports can be viewed using a suitable PDF viewer, e. g. the program Adobe Acrobat Reader. After the page has been refreshed, reports are automatically marked as read and provided with an expiration date.

As soon as a report has been retrieved, a 30-day expiration date is automatically set. After this period has elapsed, the reports are **automatically deleted**. If you require the reports for further use, please archive them on your system within the specified period.

Unread reports will be automatically deleted after a period of 45 days.

You can logout of the system by clicking on your user name in the upper right corner.
